Director

**ACKNOWLEDGMENT OF AUTHORIZED ACTIVITIES**

COMES NOW, \_\_\_\_\_ and states it is understood and acknowledged that a "Class E" contractor license, as provided for in Omaha Municipal Code Section 43-273, allows for the license holder to perform **ONLY** the following activities:

- **Installation of residential roofing, siding, replacement windows and doors, fences and decks, as allowed by the International Residential Code.**

It is further understood and acknowledged that a "contractor" is defined as any person or entity who contracts with the owner or tenant of property to build, construct, alter, repair, add to, subtract from, or otherwise improve any building or structure upon the said property, within the city or its three-mile extraterritorial jurisdiction; and

A license holder of a "Class E" license may act as a "contractor" for **ONLY** those activities allowed by Omaha Municipal Code Section 43-273, noted above; and

That it shall be unlawful for any "contractor" licensed pursuant Chapter 43 of the Omaha Municipal Code to perform any contractor work within the city or its three-mile extraterritorial jurisdiction unless he or she possesses each required permit for such work, containing the name of the contractor authorized to do the work. The license holder shall supervise, and shall be responsible for all work performed under his or her license.
